SNUGGABLE | HUGGABLE | LOVEABLE

Welcome to Warmies®, home of the world's best-selling fully heatable stuffed animals and wellness items. Our award-winning products were invented in London in 1995 and have provided soothing warmth and comfort to tens of millions of satisfied customers worldwide.

Warmies® are filled with specially treated natural grains and are gently scented with relaxing French lavender. Warmies® are safe for all ages and LOVED by all ages. Our cute and adorable characters are always on trend and each product is carefully made using the very best quality materials. Warmies® are perfectly weighted and are so soft and cuddly.

Warmies® are tested to rigorous international safety standards and exceed all U.S. safety standards. We are very proud of our unrivaled safety record that spans over 25 years.

Warmies® Slippers, Boots, Neck Wraps and Eye Masks are the perfect additions to everyone's wellness program. Like all Warmies®, our Wellness line provides warmth and aromatherapy to ease stress, provide comfort and promote self-care.

Warmies® can be warmed in a microwave to provide calming relief and snuggly love, or chilled in a freezer to treat everyday aches, sprains and bruising.

We appreciate your interest and support.

#### ORDER BY PHONE

If you wish to place your order by phone, our team will be happy to assist you.

Phone lines are open: Monday-Friday  
8:00am-5:00pm CST.

## Better Living and Mindfully Natural - We are Warmies®

Warmies® was founded on a very simple premise, that everyone must experience comfort in their everyday life. Inspiring well-being is at the heart of what we do. Being mindful of wellness leads to better living.

Our products provide soothing warmth and aromatic comfort for all ages, are safe for all ages and are loved by all ages. Warmies® are fully microwavable, incredibly comfy, and feel amazing. Warmies® provide stress and anxiety relief, promote restful sleep, and are perfectly weighted to provide a calming and positive sensory experience.

## Part of our secret... French Lavender

For centuries, lavender has been synonymous with tranquility, relaxation, serenity, soothing and calm. Warmies® contain just the right amount of real dried French Lavender, sourced from local growers in Provence, France and all-natural grain filling to provide the perfect weight and sensory experience.

## Everybody Loves Warmies®

For over 25 years we have been true to this belief and feel blessed for the millions of people we have touched. From our company's inception, selling a fully microwavable, French lavender and organic filled heat pack, to today, with hundreds of fully heatable stuffed animals and wellness gifts, Warmies® sets the standard for comfort and wellness. It's no secret that Warmies® are loved around the world. We invite you to experience the comfort of Warmies® and become part of our big, comfy family !

Warmies® Pajamas are designed for soothing comfort at bedtime, with calming hues in a 100% cotton fabric that gets softer with every wash. The ribbed pajama set features a stretch elastic waistband, ensuring they remain securely in place, and the Warmies label is printed directly on the fabric to avoid the irritation of traditional scratchy tags. All Pajamas have a matching Warmies stuffed animal and other cozy accessories to help make bedtime fun.

Everybody was standing up, sitting down, or  
turning the TV off, please! Mom said,  
"Where are my glasses?" Dad asked,  
"Grandma checked."  
Has everyone been to the bathroom?

...had the  
...right,

SNUGGABLE | HUGGABLE | LOVEABLE

**Warmies®** Board Books are a series of books designed to establish the love of reading with young children. These sturdy books feature soft, padded covers and rounded edges, making them safe for little hands to grip and hold. Snuggle up with your little one and their favorite Warmie while reading a cute story from the Warmies Board Book Collection to introduce them to the love of books.

## FAQ's

### What is the freight charge?

Freight is charged at 12% of the shipped goods.

### What is your heatable plush made from?

All of our heatable products are meticulously designed using microwave safe, flame resistant fabric. The filling consists of microwave safe polyfill with natural flaxseed grains & dried French lavender. All the materials have been designed specifically to be heated in a microwave.

### How should I heat my heatable plush product?

Each heatable product is designed to be heated in a microwave oven only, NEVER heat Warmies in a conventional or toaster oven. All products are clearly labeled with specific heating times for safe heating. Only microwave in a microwave with a turntable. Only heat from room temperature.

### What if I overheat the heatable product?

All products carry specific heating instructions attached to a label sewn into the product and these instructions should be followed very carefully. If your product has been overheated by mistake you should dispose of it in normal household waste after allowing it to cool to room temperature. Do not reheat a product that has been overheated.

### How long will my heatable plush product stay warm?

Your heatable product should stay warm for up to one hour if heated correctly, longer if it is snuggled in a cozy bed!

### How safe are your heatable products?

All our heatable products have been tested to ASTM f963, EN71-1/2/3, BS8433, and European CE standards. All products have been rigorously flammability and safety tested, and fully comply with CPSIA legislation. Each heatable product is manufactured with extra strong seams, using microwave safe thread and fabrics.

### Can everyone use heatable products?

Heatable products can be safely used by all ages only under adult supervision. We recommend that heatable products are not used directly with individuals who have poor circulation, insensitive skin, diabetes, neuropathy, flaxseed or lavender allergies.

### Can I chill my heatable product?

Absolutely! Simply place your heatable product inside a plastic sealable bag and leave it in the freezer for 2-3 hours. You can then use it as a cold pack to relieve aches and pains or to cool a hot child.

### Why does the product feel damp when first heated?

This is quite normal and is due to the natural moisture content of the filling. This will cease after a few uses.

### What fragrance do your heatable products come in?

Each product contains only 100% natural dried lavender, as lavender has been proven to be an excellent aid to relieve stress and promote sleep. When you heat your product for the first couple of times, the aroma may be quite strong, but in less than 3 or 4 heatings, the aroma will become very subtle. Eventually, over time, the lavender fragrance will fade, but can easily be refreshed by adding a couple of drops of Pure Essential Oil to the surface of the heatable product. It is important to use only "Pure Essential Oil" as the less expensive "Fragranced Oils" may leave an oily mark on the fabric. Only heat the product when the oil has completely dried.

### How can I wash my heatable product?

The surface can be cleaned with a damp sponge. Our products should never be immersed in water, as the filling will be damaged and your product will no longer be able to be warmed in the microwave.
