TWINE Beauty

CBD IS renowned for its calming properties to reduce redness, soothe irritation, and balance the skin to promote overall skin well-being. Elevate your beauty routine with our exceptional line of CBD-infused beauty products, meticulously crafted to harness the power of CBD and enriched with beneficial natural ingredients creating a harmonious blend to nurture your skin.

Face Serum

Retinol: to stimulate collagen production, increase cell turnover, and reduce the appearance of fine lines and wrinkles. Also used to treat Acne.

Hyaluronic Acid: naturally produced by our bodies, functions as hydration to keep skin looking firm and youthful, and feel more supple.

Eye Serum

Vitamin C: an antioxidant that reduces dark spots, redness, fine lines and wrinkles. It also hydrates and stimulates collagen production.

Niacinamide: a form of Vitamin B3 that helps strengthen the skin's moisture barrier, to protect and smooth the skin and help minimize redness, blotchiness, fine lines and wrinkles.

Face Moisturizer

Triple Ceramide Complex: restores the skins natural barrier by replacing lipids that are lost as we age. Seals in moisture and blocks out toxins keeping the skin hydrated and looking healthy.

Green Tea Extract: rich in antioxidants to protect the skin, reduces sebum, minimizes signs of aging, and soothes skin.

Eyelash & Brow Serum

Keratin: the main protein in our lashes and brows that keeps them looking thick and strong

Biotin: a vitamin that helps nourish the natural growth process for long, healthy-looking lashes and brows

TOPICALS

Rub it where it hurts!
