THE STORY OF THE CRYSTAL ANGEL PIN

The Original Crystal Angel pin was created by my father in the mid 1990's. Each pin was made using Swarovski® crystals that were set in brass bezel settings and soldered by hand.

The resulting image was a beautiful silhouette of a Guardian Angel, serving as a reminder that loved ones are always there to guide and protect you.

The pin was an amazing success! Over 12 million pieces were produced in my family's factory and the Crystal Angel pin remains one of the top selling inspirational gifts of all time.

handmade with Swarovski® crystals
